BE MIXO.

Why MIXO?

MI means Beauty from Korean Hanja and **XO** is from eXtraOrdinary.

MIXO is premium monophasic hyaluronic acid filler for beautiful and unique people who want to emphasize their natural beauty and individuality

What is Hyaluronic Acid Filler?

Safety, Biodegradable and biocompatible material

HA has a much greater capacity to retain than any other natural or synthetic polymer.

Hydrates, regenerates skin, improves elastin and collagen production. .

Reduces the appearance of fine wrinkles and returns lost contours of the face.

Can be removed easily and perfectly.

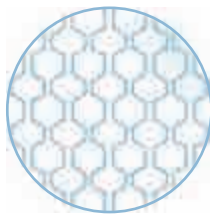

ENHANCED NATURAL BEAUTY AND PERSONALITY WITH MIXO

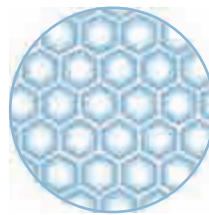

- **MIXO Produced by patented Nano Mesh Cross-Linking Technology for maintaining safety and long lasting filler.**

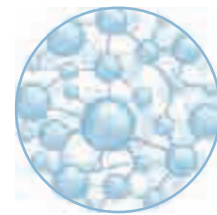

Raw material HA,
tangled and uneven texture

Even and stable structure,
ready for smooth cross-linking

Cross-linked HA,
same with other dermal fillers

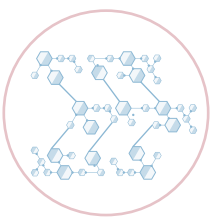

Strengthened and upgraded
structure of cross-linked MIXO

“

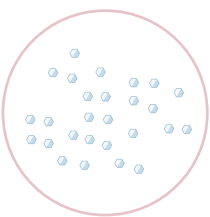

MIXO Innovative Technology produces extremely small and solid molecules, which makes more comfortable and painless treatment. Mild and fluid nature of HA allows easy penetration into the skin maximizing effect of reduced wrinkles and higher satisfaction from the procedure.

”

- **Other fillers** **BDDE Cross-linking to Big, Middle, Small particles and mixing Cross-linked Gel with solution.**

Cross-link

cross linked HA
Mashing to the micro-size

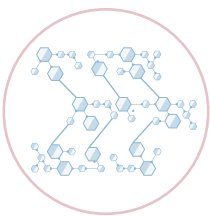

HA in Water

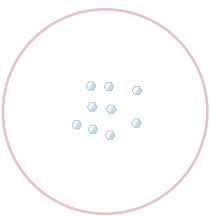

Finished Product

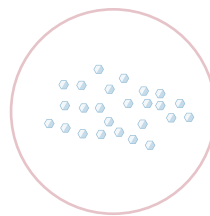

- **MIXO** **DVS makes Micro-Beads to molecular size without mixing with solution.**

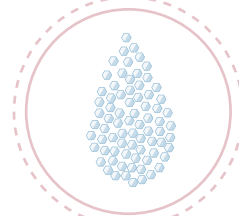

Cross-link

Cross-linking

Micro Gel Aggregation

Final Product

HIGH VISCOELASTICITY AND HIGH COHESIVENESS

- Patented manufacturing technology make possible to form a MASS GEL that best represents the performance of the supporting structure in the human body. High viscosity provides necessary volume and beautiful shapes

	MIXO	Product A	Product B	Product
Viscosity	800	380	610	520

- High cross-linking rate possess long-lasting effect.

MIXO	A	B	C
			

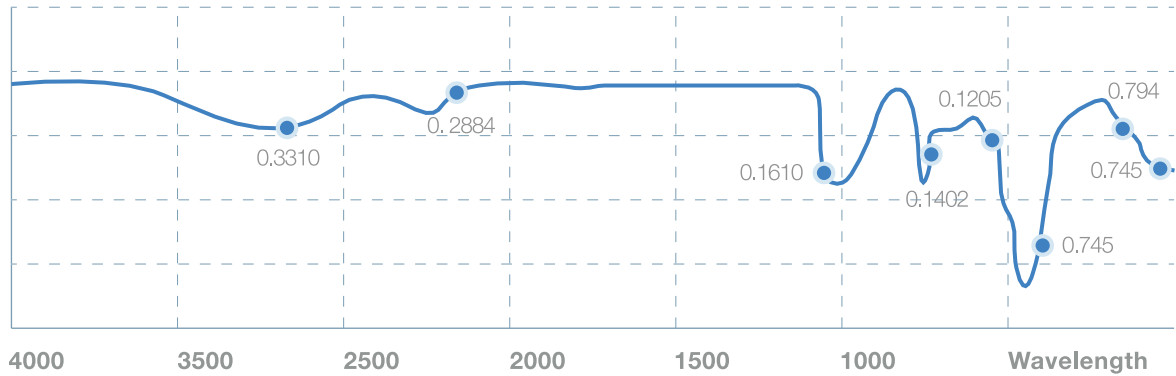

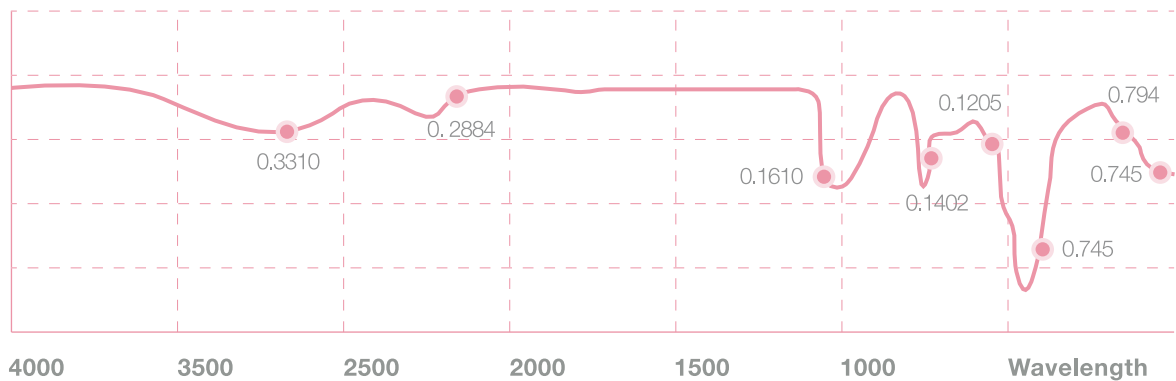

SAFETY AND BIODEGRADABLE

- **Refractive absorbance analysis**

raw material

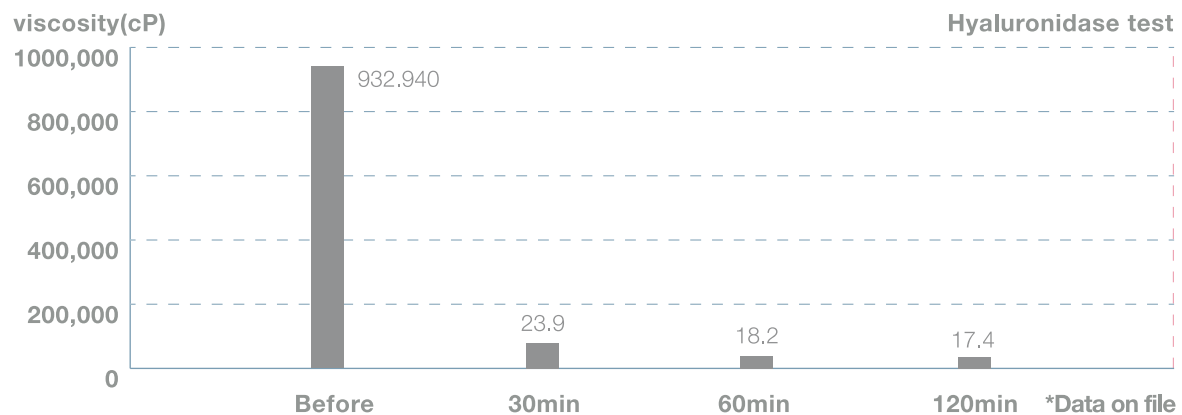

- **MIXO Complete product**

* The wavelength pattern of MIXO is the same as its raw material showing that the product has not altered its physical properties

- **MIXO is a Sterile Absorbable Medical Device that can be safely and perfectly dissolved through Hyaluronidase.**

Part of Procedure

- **MIXO LIGHT PLUS**
- **MIXO DEEP PLUS**
- **MIXO VOLUME PLUS**
